

# IBM Cloud Services

**Project Name: Smart Farmer- IoT Enabled Smart Farming Application**

**Date: 09 November 2022**

**Team ID: PNT2022TMID19668**

The screenshot displays the IBM Cloud Dashboard interface. At the top, a dark navigation bar includes the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (GeethaDevi Account). Below this, the main dashboard area features a 'For you' section with several tiles: 'Build' (a large blue tile), 'Explore IBM Cloud Shell' (2 min), 'Welcome to IBM Cloud' (3 min), 'Set up your IBM Cloud account' (10 min), 'Build a web app with Watson Speech to Text' (15 min), and 'Use Sp' (partially visible). Each tile includes a brief description and a 'Getting started' button. To the right of the 'For you' section is a 'Select an option' dropdown. Below the 'For you' section, there are three main sections: 'User access' with a 'Manage users' link, 'News' with a 'View all' link, and 'Planned maintenance' with a 'View all' link. The 'News' section contains two articles: 'Unified Key Orchestrator Now Supports Easy Multicloud Key Management for Google KMS' and 'TrustRadius Best Software: Five IBM Offerings to Make'. At the bottom of the dashboard is a blue chat button. The Windows taskbar at the very bottom shows the search bar, task view button, and several open applications, along with system status icons and the time (7:44 PM, 11/5/2022).
